Rick - if you recall, Bonnie Rabe sent a document for us to review and comment on. The attached reflects our collective comments on their document at this point. Do you have any comments you would like us to add before we send it back?

Ok. I added your changes to the most recent version. Does this need to go through Rick or should I send it back to Bonnie?

I didn't receive any comment from OGC. Do you all have anything to add before I send it back?
Should Rick get an opportunity to review?

Hello Everyone,

ASPCRO has asked for comment on the attached doc they want to provide to field inspectors. I have put my comments in the doc already. If you have a chance to review and want to provide comment, please do so by COB Tuesday (3/5).

David S., I am not sure if they already asked for your input on this, but it might be worth your looking at this.

Thanks,
Rusty

Hi Rusty, I wanted to ask if you and others could look over the attached reference sheet ASPCRO rodenticide committee put together. It is primarily meant to assist inspectors in the field in verifying product compliance with the RMD but also others who might find it useful. I wanted to verify we have accurate information. Could you guys look it over for me and let me know if it needs any correction. Thanks, B.
